

What is Reclamation Fill?

Reclamation fill is defined as uncontaminated, non-water soluble, non-decomposable inert solid material. This includes soil, rock, gravel, brick*, block*, concrete*, and incidental asphalt**.

***No painted surfaces. **25% or less per load.**

***No protruding rebar.**

The management of fill is heavily regulated by the Pennsylvania Department of Environmental Protection (PADEP). Sanatoga Quarry & Asphalt inspects every load of inbound material and conducts routine testing to ensure the material meets all reclamation fill criteria, and permit specific conditions. We reserve the right to reject any source or load for any reason.

Terms & Conditions

- ▶ **All sources must complete a Reclamation Fill Source Approval Form, available online at www.reclamationfill.com.**
- ▶ All sources require pre-approval. Sources may require laboratory analysis.
- ▶ Large sources require DEP Approval.
- ▶ Material originating from an industrial or commercial site, sites containing underground storage tanks, "Act 2" clean-up sites, or superfund sites, will not be accepted without prior characterization/lab analysis.
- ▶ Each load requires a pre-printed load form to be executed by the material originator/contractor/hauler, which states that the signee is responsible for certifying that the material meets all reclamation fill regulations.
- ▶ **Sanatoga Quarry & Asphalt reserves the right to reject any load for any reason.**

NOW ACCEPTING RECLAMATION FILL

We Accept Reclamation Fill Including:

- ✓ **Uncontaminated Soil, Rock & Gravel** (non-water soluble)
- ✓ **Asphalt Chunks** (must be less than 25% by load volume)
- ✓ **Brick & Block** (no painted surfaces)
- ✓ **Concrete** (no painted surfaces, no rebar exposed more than 2")

We **DO NOT** Accept:

- ⊗ Painted Brick & Block
- ⊗ Painted Concrete
- ⊗ Treated Lumber
- ⊗ Tires
- ⊗ Metal
- ⊗ Leaves & Yard Waste
- ⊗ Glass / Tile
- ⊗ Plastics
- ⊗ Construction & Demolition Waste
- ⊗ Liquid in the Load
- ⊗ Sod/Grass
- ⊗ Virgin Wood, Brush & Stumps
- ⊗ Protruding Rebar (must be less than 2" exposed)

Sanatoga Quarry & Asphalt reserves the right to reject any source or load for any reason.

Make 1 Trip, Haul 2 Loads!

Our Sanatoga Quarry & Asphalt location offers a wide array of construction aggregates, landscape materials, mulch, topsoil and biosoil products. Maximize project efficiency and profits by hauling reclamation fill in to our location and back-hauling any of our fine products back to your jobsite.

We Offer:

- ▶ **Construction Aggregates**
- ▶ **General Fill Materials**
- ▶ **Landscape & Hardscape Products**
- ▶ **Mulch, Topsoil & Biosoils**
