

DID YOU
KNOW?

Design-Build & Value Engineering

H&K Group, Inc. (H&K) recognizes engineering is one of the key components of any project involving infrastructure development. Our team of civil designers and engineers combine their extensive experience and attention to detail to provide our clients with completed jobs that exceed expectations. We manage a wide array of projects involving design-build and value engineering including operations, mining, residential, commercial and industrial application.

Our Design-Build & Value Engineering Services include:

- Transportation
- Land Development
- Raceway Facilities & Specialized & MORE

H&K also acknowledges the importance of integrating sound and innovative design concepts with a sensitive approach to the environment. We achieve this through employment and staffing of highly trained engineers who are skilled in the environmental sciences and dedicated to upholding the environmental stewardship ideals and traditions of H&K.
